Testimonials

"We loved GIANT Health 2019, and from visiting in 2018 I thought it was even bigger and even better this year. Lots of connections made and some great keynotes and showcases on technology in the health-tech sector." *Barclays Bank*

"very well done and very busy in all areas with a clearly engaged audience. I was impressed at the number and breadth of exhibitors." S. Mornington. *Mayfield Merger Strategies*

"Hospify was back at GIANT this year for the third year in a row, and once again it proved an excellent event. The conference tends to attract people who are keen to make change happen rather than just wait for it to happen to them, and we had a load of good investor conversations too. Exhibiting at GIANT is always time and money well spent!"
